RESOURCES MAP

2017

Plataforma
d'Entitats i Serveis
de Son Gotleu

Guide Presentation

Organizations and services of the district have decided to join together in order to emphasise the neighbourhood strengths. This is not the first resources guide we have made, we have updated it with the aim of publishing all the services we have and continue working together.

In this Guide you can find Group and Community activities carried out by each institution/service. But not all the activities are opened to all the people. If you need more information about this you can contact with each entity/service and ask for it.

If you are a group or a neighbourhood entity and want to share or update information about your activities, please contact us.

You can also find this guide in digital format:
www.palmaeduca.cat/p_activitats/index.php

We hope you like it!

Neighbourhood Coordination Areas

Currently, there are three areas established for the community meeting. In these meetings we meet all the district services and resources to share information and work together.

In 2017 we will develop diverse activities together:

- Sant Jordi: April 28, 2017 at Passeig Orson Welles
- Sons de barri: May 12, 2017 at Parc Orson Welles
- Escola d'Estiu (Summer School): July and August at CP Joan Capó
